

Event Bulletin No. 4

Use of Mobile Telephones – Clocks

The Event Final instructions carry the following line within them...

"Mobile phones may be carried for use in an emergency only"

The Organisers would like to add the following wording to aid with clarification.

"Mobile telephones may be carried to use as a clock. The telephone must have the sim card removed and this must be available for inspection upon request. They must also be securely fastened inside the car so that it is visible by the Navigator"

Signed

Malcolm Paul Higgins

Event Secretary
