## Accepted Entries and Reserves

Firstly, may I thank everyone for their patience whilst we worked through the frankly astounding number of entries received. It has given us the difficult task of informing many crews, some of whom have been long-time supporters of the Roger Albert Clark Rally, that they have failed to make the first cut of accepted entries. We have had to abide by our promise to accept them in order of receipt as the fairest way to go about it.

Having made provision in the regulations, we will now be taking 150 entries (135 + 15 reserves) who will all be accepted as entries to the event. Unfortunately, the nature of the planned route, timing and availability of suitably large enough service areas make it impossible to extend the entry number any further.

By 09.13 hrs on 30<sup>th</sup> April, we had received 107 paid entries with either the deposit or full entry money.

To determine the remainder of the entries a calculation was made using the time the Entry Form was received plus the time money was shown as entering our bank, giving a number in minutes.

This was then used to determine the order of the remaining entries and position in the reserve list apart from numbers 131 to 150 which are the 20 foreign crews.

1 to 150 are the entries which will be accepted to run.

We are also limited by the GR's D.15.1.1 to a maximum of 30% of the entry as a reserve list, so only 45 reserves are allowed. These remaining entries have been placed on the reserve list and will replace, in number order, accepted entries that are withdrawn or fail to follow the payment plan as detailed in the regulations.

In 2017, 50 entries withdrew and in 2019, 72 entries withdrew. Any entry not wishing to remain on the reserve list may withdraw their entry

at any time prior to being offered an accepted place on the entry list with a full refund being made.
