**ROGER ALBERT  
CLARK RALLY**

SUSTAIN are proud to announce that they will be supplying an onsite refuelling service throughout this year's Roger Albert Clark Rally.

Tony Jardine using **SUSTAIN FUEL** at the Roger Albert Clark Rally

SUSTAIN FUELS is a brand of Coryton, a company already heavily involved in supplying to the motorsport sector via B2B. SUSTAIN is a brand aimed at pioneering the use of sustainable race fuels within motorsport.

The fuels have already been used at the Roger Albert Clark Rally in previous years by motorsport legend Tony Jardine in his Avenger, and confirmed for use this year in ex-WRC champion Phil Mills' Viking Motorsport's entry.

The fuel is also being used this season's Britcar, Formula Vee, Equipe, Caterham Motorsport, Radical Club Challenge, HSCC, BSC, DTM, BRSCC, GT Cup and of course Goodwood.

## THE FUEL OPTIONS

We will have an onsite refuelling service at the service area on each day and will be dispensing two grades of fuel as follows:

### SUSTAIN Racing C50

102 RON

FIA Appendix J Compliant

£5.50 per litre

### Coryton SU98

98 RON

Superunleaded 'pump' grade

£1.95 per litre

## INTERESTED?

Get in touch with [hello@sustain-fuels.com](mailto:hello@sustain-fuels.com) to answer any questions & get hold of some test fuel ahead of the event.

We can take pre-orders which is always recommended but will have ability to take card payments on-event also.

We look forward to hearing from you and seeing you in November!
